The problem I'm having is I'm trying to make sure the database doesn't save the file when I attempt to load it, but it does no matter what I do. Is there a way to add a key and name the file so that it tells the program that the file is corrupted and not to save? A: You can use the appropriate permissions when opening the file. For example (snippet):

```
boolean isExists = SQLiteDatabase.openOrCreateDatabase(DB_NAME, null).isExists(); if (isExists) { SQLiteDatabase.openOrCreateDatabase(DB_NAME, null).execSQL("CREATE TABLE " + TABLE_NAME + "( id INTEGER PRIMARY KEY AUTOINCREMENT, " + COLUMN_ID + " INTEGER, " + COLUMN_NAME + " TEXT, " + COLUMN_PASSWORD + " TEXT, " + COLUMN_EMAIL + " TEXT, " + COLUMN_TIME + " TEXT, " + COLUMN_UID + d41b202975

## **What's new in Santa's Big Sack:**

**Lunch All Star Santa Claus has to choose between Jingleberry (Corey Burton) and T-Rex (Mario Lopez). - And an original elf costume for Billie Dee Williams - Fresh fruit for Ralph and a giant piece of candy for the kids - And a John Wayne movie to watch Overall Analysis Good show. A lot of fun. Definitely doesn't take itself too seriously. Decision Analysis: Everyone who sends in a letter will be sent one of these adorable Santa Hand Prints. -Santa Claus, from Germany, wants to dress like a Ninja. -His suit is made of origami paper, glass and gunpowder. -His scarf is made of bone. Score Breakdown Technical - Steve Lake: 81%Grade: B+ - Shannon: 90%Grade: A+ - Andrea: 86%Grade: A+ - Dustin: 90%Grade: A+ - Chaz: 80%Grade: B+ \*Wonderful Franklin and wonderful Billie. \*The Robot Santa (who is wearing a tux) actually sings the song "Rockin' Around the Christmas Tree." \*All the performances are great. Corey and Ralph are a bit stiff, but the rest of the cast are great, and the kids are great. \*One of my favorite moments was watching Steve Lake try on the boxers. He does a very good job. \*The 360 degree feature of the show is very cool, even if it gets old fast. The ProductionDesign - James G. Hudson: 45%Grade: A - Chaz: 81%Grade: A+ - Steve Lake: 82%Grade: A - Shannon: 50%Grade: A- - Dustin: 60%Grade: A - Andrea: 45%Grade: A- - Toni: 51%Grade: A- -Lisa: 41%Grade: B+ - Jay: 45%Grade: A- \*The Virtual Reality part of the show was pretty cool. However, most of the crowd was actually center in the circle, not wanting to get up and move around. The hosts seemed to wander along the circle as if they were walking to work, which they were. \*The robotic head designer should be given a Bob Ross Award. He was so creative. \***
